

ChemSoc's Teacher's Day Celebration

05/09/2021

ChemSoc, Kirori Mal College organized an event to celebrate Teacher's Day on 5th September, 2021 to show their gratitude towards their teachers. Arihant Yadav, Vice President of ChemSoc commenced the event by welcoming the teachers and the attendees. Suhani Gupta from 2nd year student of Chemistry (H.) was the host for the event. She invited Prof. Vibha Singh Chauhan, Principal of Kirori Mal College to address the gathering. Prof. Chauhan emphasized the role of teachers in our society and called the student teacher bond to be symbiotic, where both contribute to each other's growth. She additionally talked about our former President, Dr. Sarvepalli Radhakrishnan, and how he mixed scholarship with simplicity. He was a great scholar of Philosophy, and a bridge between Indian and Western scholars. Next, Dr. Palash Jyoti Das, Teacher-in-charge spoke about how rewarding his 12 years of teaching career has been.

Ram Sunil Kumar Lalji, Convener of ChemSoc thanked our Principal for her warm words and extended delightful welcome to all the participants. The first performer of the event was Mridul Shyam, a second-year chemistry (H.) student who delivered a musical performance. Further a

video compilation of students expressing their gratitude was presented. Additionally, a light hearted skit was then performed by the second-year students displaying their emotions upon seeing the notification of University of Delhi regarding reopening of colleges, which was later deferred.

Towards the end, Ram Sunil Kumar Lalji invited the faculty members of the Department to talk about their teaching experience, memories, and their messages for the students. The organizers of the event were congratulated by all the faculty members and the Principal for their efforts, performance, and the smooth functioning of the event. It was indeed a joyful event for everyone. Yousuf Khan, President of ChemSoc thanked the teachers for their support and guidance.

The students from the audience were also asked to share their experiences with the teachers. The event was attended by 119 participants, including teachers. The excitement and the affection of students for their teachers was evident throughout the event. Ram Sunil Kumar Lalji spoke a few lines to encourage the students to upscale their skills and stressed upon the importance of visualization in Chemistry. The event then ended with a group snapshot showing the happy faces of the students and the faculty.
