PREFACE

As we turn the pages of this KMC Media Annual Report for the year 2023-2024, we embark on a journey through the vibrant tapestry of events that have shaped the essence of Kirori Mal College. With the inception of the Media Committee in February 2023, a new era dawned upon us, one filled with zeal, creativity, and a relentless pursuit of highlighting and displaying moments that define our college life. This media annual report encapsulates the spirit of our institution, weaving together the threads of centralised, departmental, society, cells, centres and committees events into a seamless narrative. From the enriching debates of academic symposiums to the immersive experiences of cultural extravaganzas, from the exhilarating competitions of sports tournaments to the enlightening discourse of guest lectures, each event has woven itself into the fabric of our collective memory, shaping our perspectives and fostering a sense of community.

The KMC Media Committee has meticulously documented these moments, employing journalism, social media management, photography, videography, editing, graphic design, and the art of storytelling to bring the essence of each event to the vibrant college life. Through insightful academic lectures and interviews with luminaries and dignitaries, they have provided a holistic perspective, enriching our understanding of the significance of these gatherings. In these pages, you will find not just a compilation of events, but a testament to the vibrancy and diversity of life at Kirori Mal College. Each page and each academic report is a window into the kaleidoscope of experiences that define our journey as students, scholars, and members of a college community.

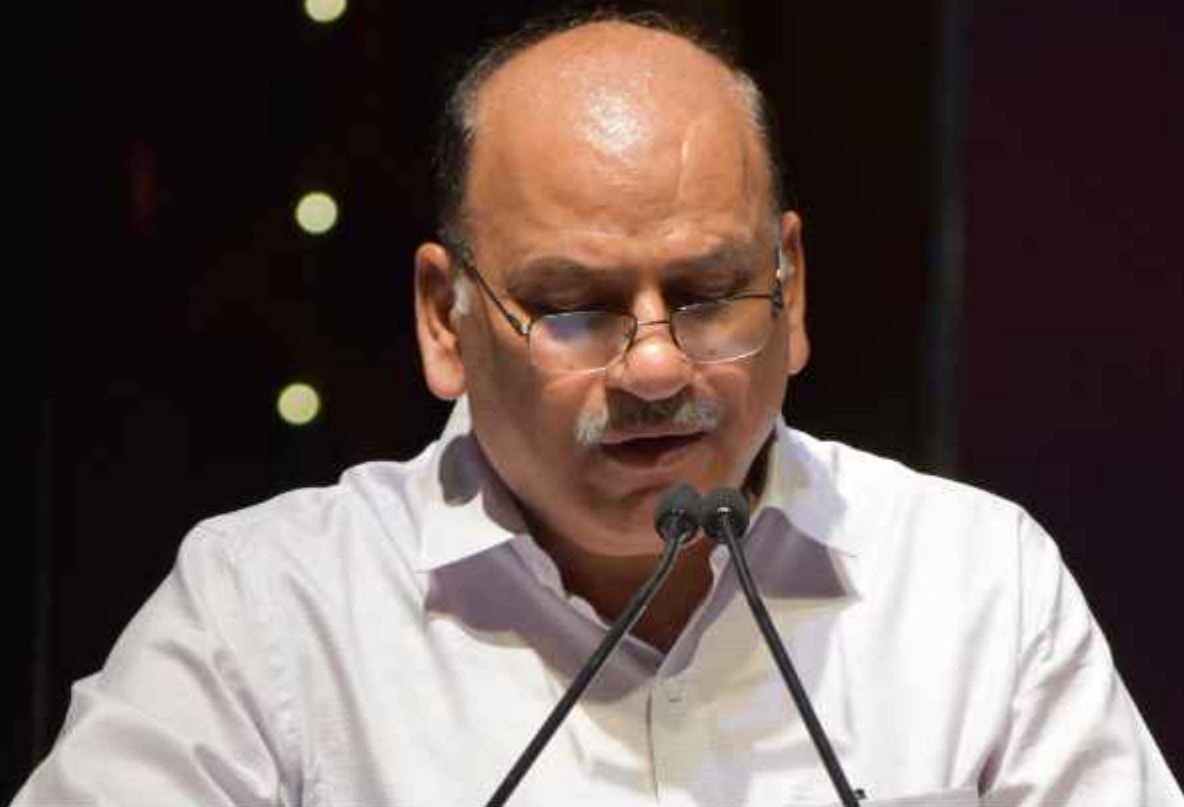

We invite you to immerse yourself in the richness of these pages, to relive the moments that have shaped our past and to envision the possibilities that lie ahead. This Media Annual Report 2023-24 is not just a reflection of our achievements, but a celebration of the spirit of Kirori Mal College, where every moment is an opportunity to inspire, to learn, and to grow. Let us cherish these memories, for they are the building blocks of our legacy, and let us look forward with hope and enthusiasm to the adventures that await us in the years to come.

PRINCIPAL'S ADDRESS

It brings me immense joy and pride to reflect on the incredible journey of Kirori Mal College, especially in the realm of media and publicity. Over the years, our college has transformed from a relatively unknown entity to a globally recognized institution, thanks to the remarkable efforts of our Media Committee and the dedicated support of each member of our college community.

Before the establishment of our Media Committee, the perception of our college was unfortunately low. However, through strategic initiatives and tireless dedication, our media team has effectively elevated the reputation of our institution, not just locally but on a worldwide scale. Today, Kirori Mal College is a name that resonates in the corridors of power, with government dignitaries, bureaucrats, Bollywood celebrities, and esteemed personalities from various sectors eager to visit and engage with our vibrant campus community.

The impact of our media efforts is evident in the widespread recognition we have received across various platforms, including newspapers, television news, and online media outlets. This recognition has not only enhanced the perception of our college but has also translated into tangible results, such as the record number of applications we received this year for admission, with an astounding 1,61,533 students choosing Kirori Mal College as their first preference.

Presence of numerous other high-profile dignitaries throughout the past year, underscores the growing stature of our college and the impact of our media initiatives.

As we celebrate these achievements and look towards the future, let us continue to harness the power of media to showcase the excellence and vibrancy of Kirori Mal College. Together, we will build upon this momentum, striving for even greater heights of success and recognition.

I extend my heartfelt gratitude to each member of the Media Committee, our faculty, staff, and students for their unwavering dedication and commitment to our shared vision. Your efforts have truly made a difference and have placed Kirori Mal College on the map as a beacon of academic excellence and innovation.

Prof. Dinesh Khattar
Principal, Kirori Mal College

CONVENER & CO CONVENER'S MESSAGE

Dr. Lukram Ingochouba Meetei

Assistant Professor, Department of Zoology
Convener, Media Committee
Kirori Mal College, University of Delhi.

I am deeply grateful and joyous to all the members of our Media Committee team, as well as to our hardworking student members, for their dedication, effort, and cooperation day and night throughout the past year since 2023, from the day I assumed the role of Convener of one of the most active and bustling committees in the college. Our objective has been to enhance the reputation of our institution among the colleges of University of Delhi and at the national level. Our committee collaborates with all departments, societies, and activities in the college, whether at the departmental, national, or international level. Our contributions will be evident in the 2023-24 Annual Report, showcasing our activities for the College and the University. Without the encouragement and support of our institution's head, Prof. Dinesh Khattar, it would have been nearly impossible. Our committee plays a significant role in promoting our institution through social media. We undertake various responsibilities, including photography, videography, interviews, and publishing for events ranging from alumni meets to conferences, workshops, fresher's parties, and many national and international events with prominent figures like VVIPs, bureaucrats, MPs, Bollywood actors, scientists, intellectuals, politicians, and more. I am thankful to our team, which works diligently day and night, actively contributing to elevating our college's stature in various activities in India and among other colleges. Lastly, I would like to express gratitude to the Annual Report team, led by Mr. Gaurav Panwar and Ms. Ankita Jain, with the full support of the student team and all our members. I am pleased that we are publishing an Annual Report for our Media Committee for the first time with the full encouragement of Principal Sir. I hope for more great presentations on social media in the coming years through cooperation and collaboration with different departments and societies, making our college one of the best institution in the world.

As a Co-Convener of the College Media Committee, I am delighted to present our achievements and aspirations for the last academic year. Over the past academic year, our committee has been at the forefront of fostering a vibrant media culture within college campus and outside as well. Through a series of meticulously organized workshops and day to day basics training sessions, we empowered our students with essential media skills, fostering their creativity and professional growth. We have provided students with hands-on experiences and essential media skills in journalism, photography, videography, editing, graphic design, and social media management etc. I want to take this opportunity to express my deepest gratitude to each member of our media committee team, both our hardworking dedicated student members and our respected faculty committee members. Your commitment, effort, and cooperation day in and day out have been the driving force behind our success.

I express my heartfelt gratitude to our respected Principal Sir Prof. Dinesh Khattar for consistently inspiring and guiding us to elevate the Media Committee to new heights through his visionary ideas. None of this would have been possible without the steadfast support and encouragement.

As we look ahead, I am filled with optimism and excitement for what the future holds. With the continued cooperation and collaboration across departments and societies, I am confident that we will continue to raise the bar and set new standards of excellence. Together, we will make Kirori Mal College a shining beacon of academic and cultural excellence, not just in India, but on the global stage.

Mr. Gaurav Panwar

Assistant Professor, Department of Political Science
Co-Convener, Media Committee
Kirori Mal College, University of Delhi.

The Debating Society proudly organized the prestigious "33rd Narendra Singh Pradhan Debate," an event commemorating the legacy of the esteemed former faculty member and the Principal to promote intellectual discourse on pressing socio-political issues. The Narendra Singh Pradhan Debate serves as a legacy of 33 years and is recognized as Asia's oldest Hindi Parliamentary debate competition. Simultaneously, the event also comprised the 2nd edition of the Trainee Adjudicator competition, in which 40 individuals from various colleges participated. The event was a huge success and empowered the participants to engage in healthy discussions through different rounds of debates on history, politics, society, and 'KMC Classic' (Sex and gender), along with 'Smriti Vishesh' for the pre-quarters round of the event. The significant contributions of the society's alumni members also played a crucial role in making the event a huge success.
