About Us

A warm welcome to all on behalf of Kirori Mal College.

Kirori Mal College is an institution of academic excellence, established in 1954, and has always maintained its place as one of the finest within the University of Delhi. At KMC, we believe in providing our students an environment rich in knowledge and supportive of their extracurricular interests. The college encourages a quest for knowledge, rooted in an ethical understanding of the world that we inhabit. This enthusiasm for learning along with a desire to evolve into socially responsible individuals is reflected not only in the academic atmosphere but is also visible in the range of extra-curricular activities the college offers. Our tradition of excellence in theatre, art and music has always added to the richness of the academic fabric of the institution. You will encounter the unique combination of social activism, creativity and learning in every discipline and every corner of this institution. Over the years, the college has built an impressive array of academic facilities such as a fully computerized library, a state-of-the-art computer center and an active placement cell. Our endeavor is to make individuals mature, responsible, and socially aware.

The Principal's Desk

We, at Kirori Mal College (KMC), understand the anxiety as well as hopes of young students and their families as they step out of the structured domain of school curriculum into the expansive world of higher education. KMC is a constituent college of the University of Delhi and is a part of its history, evolution and vision of transforming society through education. The college had humble beginnings in 1951 when it was established as Nirmala College at Qutub Road in old Delhi, with the aspiration of providing higher education to the young, including those who had lived through the trauma of the Partition of the country. The college has always believed in education being an unsurpassed way of channelizing the talents and energies of the young in a manner that brings out the best in their own individual selves but also makes them sensitive to values of justice, liberty, equality and fraternity.

KMC welcomes its fresh entrants with the warmth of a family and helps them to gradually gain independence of thought, a keen sense of inquiry and a search for wisdom. We hope that by the time our students leave the gates of this institution they are enriched not just with factual knowledge but also with the confidence of fearlessly walking down the path of truth. The college and the college faculty too, in turn, continue to learn from students. We have tried to evolve with the input every batch of students brings to us by renewing and renovating programmes connected with academics, extracurricular, sports, NCC, and NSS.

On behalf of the whole college, I welcome all our students to another year of meaningful activity and experience that would lead to an enhancement of energy, talent and capability.

The Northeast Students' Cell of Kirori Mal College was set up on 14th October, 2015 by a resolution of the Staff Council.

A sizeable number of students from the northeast are enrolled in the college in under-graduate and post-graduate programmes. Even before The Northeast Students' Cell was officially set up, students, with the help of some faculty members, organized a fresher's welcome as well as intellectual meet on 17th September, 2015. This event was very successful with almost all the students and faculty member from the seven sister states and Sikkim in attendance with the Principal as the guest of Honor.

The Cell plans to be an active forum in the future, facilitating the exchange of ideas, which in turn will help the students in realizing their true potential and shaping them into good citizens.

Students Union

The Students' Union is the premier student body of the college. It provides a platform to the students to enhance their leadership qualities and political abilities. Its primary objective is to raise students' issues and redress students' grievances. All the students of the college automatically become members of the Students' Union. An election is held to elect the President, General Secretary and other office bearers of the union. The Students' Union starts its activities with the 'Freshers Take-off' in the month of September. It also hosts its Annual Cultural Festival, "Renaissance".

ALUMNI ASSOCIATION

An alumni association was constituted in Kirori Mal College in October 2015. Through this the college aims to associate with all those students who have passed out of the institution and are now contributing in different realms of civil society. The association will not only inspire students to excel but also inspire the alumni to contribute to the development of the college.

Centre for Disability Research and Training

Established in 2021 with the prime objective of fostering an inclusive and accommodative environment in the society, the Centre for Disability Research and Training provides the students of the college with a unique opportunity to partake in this process of spreading social awareness about matters pertaining to disability. The aim of the Centre is to actualize the goal of empowerment of people with disabilities by evolving a discourse on disability that would challenge the stereotypes and prejudices against disabled people and foster their socio-cultural, economic and political inclusion in society.

With the self-professed intention of understanding social reality and the importance of effecting an attitudinal change towards people with disabilities, the Centre organizes sensitizing campaigns, workshops, lectures, talks and conferences. It also conducts introductory certificate courses in disability studies.

But above all, the Centre operates as an institutional academic site to produce, systemize and disseminate academic knowledge about disability, ranging from the sociology of the phenomenon, its representations in literature and culture, disability politics and policies, disability law and human rights, to accessibility and universal design, inclusion and education, capacity building and skill development, professional training and employment.

The Centre remains focused on deepening the understanding of disability and the manner in which it operates in the society.
