## 2021-22

## **About Us**

A warm welcome to all on behalf of Kirori Mal College. Sadly, the welcome is very different from that of earlier years due to the unprecedented Covid-19 pandemic that has deeply affected us at personal, social and professional levels. The human spirit to overcome odds has however, sustained all of us through this very difficult time. The teaching-learning process continued online. To start with, it was indeed difficult for both teachers and students who were pulled out of their comfort zone to communicate with each other digitally. While it is true that nothing can be a complete substitute for physical presence, the college has successfully managed to not just continue with teaching and learning but has also celebrated several important events besides organizing national and international conferences, workshops and certificate courses. The college is grateful to its students as well as the teaching and non-teaching staff members who have managed to keep all activities at a high despite the suffering caused by Covid-19. We wish everyone good health and happy times ahead future.

Kirori Mal College is an institution of academic excellence, established in 1954, that has always maintained its place as one of the finest within the University of Delhi. We at KMC believe in providing for our students an environment rich in knowledge and supportive of their extracurricular interests. The college encourages a quest for knowledge, rooted in an ethical understanding of the world that we inhabit. This enthusiasm for learning along with a desire to evolve into socially responsible individuals is reflected not only in the academic atmosphere but is also visible in the range of extra-curricular activities the college offers. Our tradition of excellence in theatre, art and music has always added to the richness of the academic fabric of the institution. You will encounter the unique combination of social activism, creativity and learning in every discipline and every corner of this institution. Over the years, the college has built up an impressive array of academic facilities such as a fully computerized library, a state of the art computer center and an active placement cell. Our endeavor is to make individuals more mature, responsible, and socially aware.

## The Principal's Desk

We, at Kirori Mal College (KMC), understand the anxiety as well as hopes of young students and their families as they step out of the structured domain of school curriculum into the expansive world of higher education. KMC is a constituent college of the University of Delhi and is a part of its history, evolution and vision of transforming society through education. The college had humble beginnings in 1951 when it was established as Nirmala College at Qutub Road in old Delhi, with the aspiration of providing higher education to the young, including those who had lived through the trauma of the Partition of the country. The college has always believed in education being an unsurpassed way of channelizing the talents and energies of the young in a manner that brings out the best in their own individual selves but also makes them sensitive to values of justice, liberty, equality and fraternity.

KMC welcomes its fresh entrants with the warmth of a family and helps them to gradually gain independence of thought, a keen sense of inquiry and a search for wisdom. We hope that by the time our students leave the gates of this institution they are enriched not just with factual knowledge but also with the confidence of fearlessly walking down the path of truth. The college and the college faculty too, in turn, continue to learn from students. We have tried to evolve with the input every batch of students brings to us by renewing and renovating programmes connected with academics, extracurricular, sports, NCC, and NSS.

On behalf of the whole college, I welcome all our students to another year of meaningful activity and experience that would lead to an enhancement of energy, talent and capability.

The films have always been enjoyed by the audience and lively discussions follow most of the screenings. The Society also organizes workshops for film making in which our students participate. We hope to carry on this endeavour and build up adequate infrastructural support so that our members can venture into short film making this year.
