WHERE AS:

- A. KMC is a constituent college of University of Delhi.
SAKSHAM is a non-profit organisation registered as charitable trust on 14th February 2003, created with the sole purpose of empowering persons with visual impairment and print disabled. It plays a key role in advocacy and act as a service provider in the field of rehabilitation, education, livelihood, independent living, training and offering assistive technology solutions for students with visual impairment. KMC and Saksham believe that collaboration and cooperation between themselves will promote more effective use of each of their resources, and provide persons with disabilities with enhanced opportunities.
- B. The Parties intent to cooperate and focus their efforts on cooperation within area of inclusion and full participation of persons with disabilities in education and extracurricular activities, Skill Based Training, provision of Assistive Technology Solutions and workshops for students with visual impairment, associated staff members and peer group.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

CLAUSE 1 SCOPE OF THE MOU

Saksham in collaboration with Kirori Mal College proposes to implement the program 'Aarohan'. The project attempts to address the above- mentioned challenges through its multi- pronged approach and aims at taking students with visual impairment of the college ahead together with their sighted peers.
This project will be housed at KMC and the Principal shall authorize the Centre for Disability Research and Training at KMC to roll out an implement the project.

1.1 Objectives of the program 'Aarohan' is to provide reasonable accommodation based on need assessment for the following:

1. Facilitate quality education for persons with blindness or low vision and their full participation in educational and recreational activities of the college.
2. Skill development of students with blindness or low vision to prepare them for education, livelihood and independent living.

1.2 Focus Areas

1.2.1. Ensure access of appropriate assistive technology solutions in an affordable manner

As part of the program, a thorough assessment will be conducted to understand the specific needs of each beneficiary, based on which the most suitable assistive device will be made available to them.

The range of assistive devices which have been shortlisted for this intervention include:

- Laptop
- Electronic (Refreshable) Braille Display
- Android Smartphone with physical keyboard
- DAISY player
- Tactile Books
- Mobility kit

To ensure that these devices become affordable and obtainable for the end users, their cost will be subsidized/provided free of cost as per the subsidy schemes/funds available at Saksham and KMC. Our target is that within two years, every student with blindness or low vision at KMC must have a device of their own along with training which would enable them to read and write in mainstream script.

1.2.2 Providing accessible content

The study material (notes and reference material, text books and prescribed books) of their syllabus will be made available to the students in accessible format which they can read with the help of provided devices as braille, large print and audio.

In addition, books with tactile diagrams will also be made available to the students as per their requirement to aid them in education of subjects like Science, Mathematics, Geography, Economics etc. These books contain embossed tactile diagrams which can be explored by visually challenged students through touch of their fingers, and allow them to understand various diagrams, images and other visual concepts that are highly critical and integral to the learning of these subjects.

1.2.3 Membership of online libraries such as Sugamya Pustakalaya and Bookshare for every student and faculty with blindness or low vision

These libraries provide access to more than a million copyrighted books free of cost to persons with print disabilities in braille, large print and audio format.

1.2.4 Trainings and workshops

It has been well documented and researched globally that training is vital for the successful adoption of any assistive technology and accelerate the process of cascading any new concept or program.

- Therefore, Saksham will bundle up devices with the requisite training (duration of the training as per the complexity of the technology/device being provided). This will be given by Assistive technology trainers of Saksham.
- Awareness and sensitization workshops will also be organized for the students, parents, staff members and supporting staff.
- Training and orientation sessions will also be arranged for producing accessible content which will involve digitization of notes, preparing assignments and making images and diagrams accessible.

- Employment Oriented workshops, trainings and courses will be provided regularly for guiding the students and help them set their career goals.

1.2.5 Organise Recreational and Sports activities for Students with Blindness or Low Vision

Recreational activities like inclusive and special sports, shows of audio described movies, etc. will be organized from time to time for students with Blindness and low vision.

1.2.6 Awareness and Sensitization activities for Non- disabled students and staff members

Many fun activities would be organized to facilitate social inclusion of PWD. Simple day to day activities with blindfolding the sighted students would be organized which will make them realise the challenges of a student with visual impairment and help to sensitize them.

1.2.7 Making Built Environment Accessible for PWD

Saksham will help the institute make the necessary adaptations with the existing infrastructure for making the built environment accessible for Persons with Disabilities. This includes putting up braille signboards, tactile markings, installing anti- skid and colour reflecting tapes, installation of inclusive signage and indoor navigation system, etc.

1.2.8 Provide Need based support to faculty by special educators

Special Educators of Saksham shall provide support as and when required to the faculty of the college. This would help them to provide necessary support to students with Visual Impairment and low vision in the classroom for their inclusion and education.

1.2.9 Establishment of a Resource Centre in the college campus

The Resource Centre will facilitate support of all kinds of services mentioned above. It will also act as an Experience zone for the students and other visitors to explore and experience the latest assistive technology available for persons with blindness or low vision which enables them to read and write independently and communicate with the rest of the world in the mainstream script in addition to braille.

The Resource Centre will also have a small set up of accessible content production and would contain necessary tools like Laptop with OCR, High Speed scanner and Printer for Large Print. This will also help to showcase the entire process of production of accessible content to the sighted students as well, who would like to volunteer for the cause.

Resource Centre manager from Saksham will be deputed at the venue who will be well equipped with all the processes and procedures of the program. He/She will provide the necessary support to the students, take their queries and explain the program and services to them.

1.2.10 Organise financial resources

KMC and Saksham shall arrange funds for carrying out the above-mentioned activities through leveraging various schemes of the government of India and through CSR/Individual donations.

1.3 Administration arrangement for Aarohan Project (KMC)

KMC and Saksham would designate one person each as single point of contact for this program Both would be responsible for smooth running of the resource centre and implementation of all the activities under the Aarohan program at KMC.

1.4 Roles and Responsibilities pertaining to the resources deployed in the program

1. KMC would provide space to setup the resource centre to run proposed activities at KMC.
2. Any equipment of KMC or Saksham placed at the resource centre will remain property of the respective organisation
3. Any equipment purchased through the funds raised by KMC or Saksham under any government scheme or through CSR/Individual donation will remain property of the respective organisation that receives funds for it.
4. Saksham would designate/appoint human resource to run activities at KMC resource centre.
5. If resources permit, KMC would designate human resource for the resource centre who would be trained by Saksham for smooth implementation of the Aarohan program.

CLAUSE 2 INTELECTUAL PROPERTY

2.1 Nothing contained in this MOU shall, by express grant, implication, Estoppel or otherwise, create in either Party any right, title or interest in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other party.
