ANNUAL REPORT

Promoting northeast India perspective in the
mainstream.

Northeast Students' Cell
Kirori Mal College, University of Delhi

From the desk of Convenor

Dr. Sameer Lama

Dr. Sameer Lama has been the convenor of the Northeast Students' Cell, Kirori Mal College since the year 2023. Under his guidance, the cell has reached infinite heights, fostering unparalleled growth and creativity.

An alumnus of University of Delhi and currently working as an Associate Professor in the Department of Commerce, Kirori Mal College, Dr. Sameer Lama has over 14 years of teaching and research experience. He is a life member of the Indian Commerce Association and the Indian Accounting Association. He is also a platinum member of the Global Research Foundation for Corporate Governance. His Mphil and PhD in the area of international business awarded by the University of Delhi further underscores his expertise.

About us

2023-24

Founded in 2015, the Northeast Students' Cell of Kirori Mal College works towards establishing a welfare initiative for Northeastern Indians studying at Kirori Mal College. It creates a space for them to come together, connect and experience a sense of shared belonging. The cell aims at expanding the northeastern perspective among the other broader communities of students to make them aware about the unique challenges and opportunities faced by the North Eastern states. NESC spreads and promotes this very perspective through events like educational seminars, policy and panel discussions, cultural events, and food fests.

Our Vision

Inclusivity

**Empowerment of
Northeastern Students**

Connecting the people

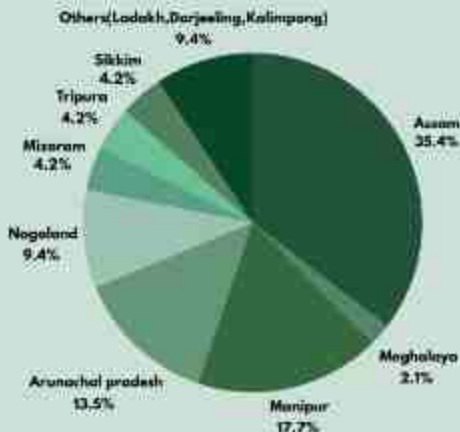

**Representing the diverse cultural
heritage of Northeast India**

Nestled within the heart of University of Delhi, the North East Cell at Kirori Mal College serves as a vibrant hub where knowledge transcends boundaries. Our journey is one of inclusivity, bridging the geographical gap between the northeastern states and the capital, by offering a platform for students from this region to explore their potential while embracing the vibrant tapestry of cultures that define India.

Inception

The Northeast Students' Cell of Kirari Mal College was founded on 14th October 2015 with the aim of establishing a welfare initiative for Northeastern Indians studying in the college. It aims to create space for Indian North-East students to come together, connect with each other, and experience a sense of home away from home. Through events such as educational seminars, cultural fests, food fests, and career counselling programs, we seek to help new students become acclimated to their new environment and to learn more about the traditions and cultures of North-East India.

STRENGTH

The North East Cell at Kirori Mal College is a shining example of togetherness, optimism, and academic accomplishment. We stay steadfast in our dedication to overcoming geographic gaps, promoting inclusion, and honouring the numerous cultures that make up the northeastern area. We cordially welcome you to accompany us on this investigation, education, and empowerment trip.

Together, we continue to dismantle obstacles, motivate the next generation of leaders, and build a more promising and interconnected future for everyone. We appreciate everyone being a part of our journey and look forward to working to create a better, more peaceful future. And always strive to live by our motto- "Your home, away from home".
