NTU Winter School in Sustainable Chemistry (3 days)

organized by

Nottingham Trent University, UK

in collaboration with

Hindu College, Kirori Mal College and Miranda House, University of Delhi

Jan 08- Jan 10 or Jan 12- Jan 14, 2026 **Time: 9:00-5:00PM**

Venue: Hindu College/Miranda House **Limited seats**

Highlights

- In-person workshops and lectures by NTU staff
- Live virtual demonstrations and talks streamed from NTU's laboratories
- Hands-on and virtual exposure to state-of-the-art analytical techniques
- Hybrid interactive Q&A sessions with NTU academics
- Networking with UK academics & researchers

Core Themes

- Sustainability in Chemistry
- Green Synthetic Methods
- Advanced Analytical Techniques
- Characterisation & Data Interpretation
- Research Pathways at NTU

Resource Persons

- **Dr. Warren Cross** (Principal Lecturer and Chemistry Course Manager, NTU)
- **Dr Muriel Funck** (Sr. Lecturer Forensic Biology, NTU)

Eligibility*- Third and fourth year UG Science students with Chemistry as major/minor*

Registration Fee- *INR 1000*

For Registration check college website
