7.1.3 (c) Report on environmental promotional activities conducted beyond the campus.

The college facilitates environment promotion activities by engaging the students and teachers in off-campus activities apart from on-campus activities. Considering its sensitivity towards nature, the college has constituted the Eco-Club Society, which plays an important role in creating environmental awareness amongst the future generation. The students are also exposed to field activities such as Nature Trails, Quiz and poster competitions etc, so as to create enthusiasm regarding issues pertaining to Plants/Forest/Wildlife/Bio-diversity and Nature.

The NSS volunteers participated in the clean Yamuna project and the NCC cadets participated in the tree plantation campaigns. We actively participate in know your river projects. The students and teachers together visit the natural sites to unravel the mysteries of the environment.

College under the aegis of DBT star college scheme organised one week online FDP on Environmental Audit from 28th June 2021 -2nd July 2021.

- The NCC volunteers both boy and girl cadets are encouraged to participate in off-campus plantation drives, wherein the students plant the saplings in their vicinities and take care of them.

NCC Boys participating in plantation drives at their places

NCC Girls participating in plantation drives at their places

- The Eco Club also conducted a Plantation drive on an individual level during its virtual mode in the month of December, 2021. The new probable recruits were asked to plant saplings in their surrounding areas of their localities and upload the pictures of the progress of their planted saplings from the first day till the 10th day.

- 26th August of 2022, the Eco Club of Kirori Mal College organised a dog feeding drive on the occasion of International Dog’s Day. The main theme of this drive was to encourage people for adopting stray dogs. The club also focused on creating awareness on social media by making two reels: one of which focused on importance of adopting dogs rather than buying them and the other one focused on how to take care of stray dogs.

Dog Feeding Drive

During the Youth week, a virtual feeding drive i.e. *EACH ONE FEED ONE* was being organised in which the volunteers tried to feed the stray animals and birds around themselves so that they could thrive in these bad times and pledge to FEED them on a regular basis.

Idol Immersion Awareness Post:-

- As the festive season of Diwali approaches, with comes the festival like Ganpati and Durga Visarjan which involves people immersing the idols of these gods and goddesses in the water bodies, which results in significant degradation of the water quality.
- To highlight the government guidelines for the matter and also to suggest the people on environment-friendly ways and alternatives for Idol Immersion, the club on 21 October, posted on Instagram about the impacts of Idol immersion. The post received significant engagement from the followers with likes, comments, and shares which signifies the importance and success of the post.

Idol Immersion Awareness
