Sahas-The Women Empowerment Cell, NSS KMC organized its annual women conclave from 11th March to 13th March 2022. Like every past year, this year's women conclave too witnessed 14 strong-minded, independent, and opinionated women sharing their insights, suggestions as well as the important values they learned during their own journey and the ways they dealt with this patriarchal society's mindset when they were working hard to rise to the top during to course of 6 different and valuable sessions. The aim was one- to inspire every girl from every corner of the country to believe in themselves and to stand for what they feel is right. The magnitude of problems and issues that were dealt with and discussed in this year's conclave was significantly large as it not just focussed on women's economical, social, or lifestyle-related struggle or the gender and pay bias but it also touched those fine lines of women's health, menstrual hygiene, and PCOS which everyone irrespective of gender should be aware of.
