

RESEARCH COUNCIL

Kirori Mal College, University of Delhi

College Research Council is committed to promoting research, innovation and collaborations with various industries and institutes. A college Research Council has been constituted on 13th June, 2023 to oversee the Research activities and the Research projects going in the college.

Objectives:

- 1. Research Projects:** These are an important part of the learning process for college students.
 - To encourage students to do Interdisciplinary projects under supervision of faculties of different departments.
 - Participation in projects broadens their classroom learning and supports the development of a range of skills.
 - They learn how to apply what they have learned in the classroom to real-world problems through these projects.
 - These projects will provide opportunities for students to demonstrate their creativity and innovation.
 - Project-based learning helps students to develop teamwork and problem-solving skills and ability to communicate effectively with others.
- 2. Workshops/Seminars:** To Promote and to encourage the aspiring faculty members to carry out research in field of their interest, workshops/seminars will be organized on:
 - Writing research proposals in funding agencies like DST, DBT, ICSSR, UGC etc.
 - Informing students about intercollegiate research opportunities and scholarships at various national and international universities.
 - Encouraging students and teachers to publish original work in leading journals and presenting at conferences.
- 3. College-Industry/Institution Collaboration:** The Research Council of college acts as a bridge between the college and the industry, promoting collaboration and partnership between academia and business.
 - The knowledge and expertise of students will be enhanced.
 - Provides a platform for research and development in areas of mutual interest.
 - To sign a MOU between Kirori Mal college and Industry/ Higher Educational Institutes.
