KIRORI MAL COLLEGE,  
UNIVERSITY OF DELHI**  
*In collaboration with*

**nidm**

Resilient India - Disaster Free India

**THE NATIONAL INSTITUTE OF DISASTER MANAGEMENT**  
**Ministry of Home Affairs, Government of India**

## **Background**

NIDM has been mandated by Sub-section 8 and 9, Section 42, Chapter 7 of Disaster Management Act 2005 to develop training modules and educational materials, undertake training, research, documentation and publication for capacity development and dissemination of knowledge/ information related to disaster management, assist in formulation of policies, plans, strategies and frameworks for disaster risk reduction and resilience as well as promote awareness among different stakeholders for enhancing human capacity to avoid, prevent, mitigate, prepare, respond and recover efficiently in a proactive, holistic and integrated manner.

The Institute has been organizing various training courses and conducting seminars / workshops / conferences covering wide spectrum of themes at the national and international levels besides publishing several training modules and other documents including case studies, templates and disaster reports.

NIDM has been trying to bring various stakeholders at one platform through activities like India Disaster Management Conference, National Platform for Disaster Risk Reduction, South Asia Policy Dialogue, East Asia Summit for Earthquake Risk Reduction and Asia Ministerial Conference for Disaster Risk Reduction for better networking, linkages and coordination. Sendai Framework for Disaster Risk Reduction, Prime Minister's 10 Point Agenda on DRR, Climate Change Action Plans, Urbanization Agenda and Sustainable Development Goals have also emphasized on collective synergized action and integrated approach for Climate and Disaster Resilient Safer Sustainable Development

## **About the programme**

It is proposed to organise a one-week training programme on “Disaster Risk Reduction for Urban measures” for the Faculties/ Research Scholars from Universities and Research Institutes, State Government officials, etc. under the guidance, supervision and financial assistance from National Institute of Disaster Management, Ministry of Home Affairs, Govt of India from 14 – 18 November, 2022. This programme would be equivalent to a Faculty Development Programme of UGC as the target audience may be the faculties from various Universities.

## **Basic Learning Units**

- Understanding Disasters, Disaster Risk Reduction and Resilience
- Concepts of Hazard, Vulnerability and Risks- in context of Vulnerability Profile of the Country & Delhi & Institutional Structure.
- Fire Resilience in Educational Buildings- Challenges & Solutions
- Earthquake safety and resilience
- Risk Assessment and Mapping of Vulnerable Areas for preparation of DM Plan -
- Components of a Disaster Management Plan in an Educational Institution with a suggestive framework for DMP
- Issues, Challenges and approaches for reducing vulnerabilities in the institutions
- Urban resilience for Disaster Safety

## **Objectives**

- To improve understanding of disaster risk reduction measures
- To understand the role of the institution in mitigation and preventive measures to disasters.
- To analyse the loopholes and gaps in the policies and discuss the strategies to fill them.
- To find ways for creating a network of all the stakeholders of the society to work together to build a Disaster Resilient India.
- To understand the components of the DM plan of an academic institution and discuss the futuristic approaches and recommendations for DM Planning

### **Approach and Methodology**

- Programme will be delivered in face-to-face mode
- Lecture & Interactive session, Group exercises, Mock drill and Slide Presentation on basic concepts of DRR, SFDRR and elements of operational DMP.
- The discussion will also be held on scope, advantages and limitations as well as issues, challenges and opportunities in managing disaster incidence.
- On-hand training and plan formulation for Institution.
- Target Group to include Faculties, Research Scholars from Universities and research institutions, and post-Graduate and undergraduate students.

### **Target Group**

This programme is primarily designed to understand the basic concept of the DRR and train the faculties, academicians, and leaders in implementation of Disaster Risk Reduction mechanism in their university/institution for mitigating the impact of various Disasters. Accordingly, the target group for this programme would be Faculties/ Research Scholars from Universities and Research Institutes, State Government officials, etc. This training programme is equivalent to a one-week Faculty Development Programme of UGC.

### **Suggested Readings**

- PM 10-Point Agenda on DRR.
- NDMA guidelines on DRR
- DM Act 2005
- National Disaster Management Plan 2019
- NDMA SOP for DM
- Disaster Management in India by MHA
- IUINDRR-NIDM

### **Evaluation & Certificate**

The training programme shall have a dedicated session for feedback and valediction. The participants would be entitled to receive Certificate after successfully completing the programme and submitting the feedback form on the portal.

### **Registration**

The Participants can register on the following link.  
Last date of Registration is 4<sup>th</sup> November, 2022.  
There is NO Registration Fee

Link: <https://forms.gle/1swdnaHcVNrReAGq6>

### **How to reach the venue:**

Delhi is well connected via flights, trains, and buses from all over the country. KMC is around 7.5 kilometers from NDLS railway station. Vishwavidyalaya Metro station is the closest DMRC metro available for North Campus, University of Delhi. The lodging for the outstation participants would be arranged by the host team of the Department of Geography, Kirori Mal College.
